Answer: A,B,C,D,E ([LEAVE A REPLY](#))

NEW QUESTION: 4

Solution Monitoring gives an overview about your solution by listing all hardware and software components of the Landscape.

Please choose the correct answer.

Response:

- A. Correct
- B. Incorrect

Answer: B ([LEAVE A REPLY](#))

NEW QUESTION: 5

Which of the following statements is/are correct? (Choose two)

- A. A crucial part in the realization phase is the testability of the solution you built.
- B. All of the above.
- C. Acceleration is the configuration of the Implementation Guide (IMG).
- D. None of the above.
- E. Once the blueprint structure is finalized, the blueprint document can be generated and becomes the "master plan" for the realization phase of the project.

Answer: ([SHOW ANSWER](#))

NEW QUESTION: 6

A definition reads like this: "the subset of systems which belong, for example, to the production, maintenance or development track".

- A. Logical component
- B. System Role
- C. System Landscape
- D. Solution

Answer: A ([LEAVE A REPLY](#))

NEW QUESTION: 7

The following activities are not part of the project management features of the sap solution manager issues management plan, scope management plan, organizational change management plan.

- A. True
- B. False

Answer: ([SHOW ANSWER](#))

NEW QUESTION: 8

Which roadmap types are provided through SolMan? (Select all that apply)

- A. Implementation Roadmap in my SCM
- B. Global Template Roadmap
- C. Implementation Roadmap for SAP Enterprise Portal
- D. Implementation Roadmap in my CRM
- E. Upgrade Roadmap
- F. Implementation Roadmap

Answer: A,B,C,D,E,F ([LEAVE A REPLY](#))

NEW QUESTION: 9

It is an advance feature of SAP Solution Manager that provides all functionality to centrally analyze and monitor a complete SAP solution.

Please choose the correct answer.

Response:

- A. SAP services
- B. Service desk
- C. Change request management
- D. Solution Manager diagnostics

Answer: ([SHOW ANSWER](#))

NEW QUESTION: 10

In the System Monitoring work center, Connectivity Monitoring checks the status of the RFC connections from SAP Solution Manager to the following destination types except:

Please choose the correct answer.

Response:

- A. HTTP destinations in ABAP systems
- B. TCP/IP destinations
- C. ABAP destinations
- D. UI Destinations

Answer: B ([LEAVE A REPLY](#))

NEW QUESTION: 11

Suppose if you wish to have the Installation check for configuration step in the basic configuration you have to provide information about your BW configuration.

Which of the statements are correct :

There are 3 correct answers to this question.

Response:

- A. Let the system create the default users and generate a password, you cannot specify a password or specify an existing user and password.

B. Please keep in mind that the root cause analysis only works if your (separate) BW system is not available.

C. Solution Manager client and BW client are the same (in the same system).

D. Solution Manager and BW are in different systems

E. Solution Manager and BW use different clients in the same system

Answer: B,D,E ([LEAVE A REPLY](#))

NEW QUESTION: 12

It is the phase for implementation roadmap where you provide initial planning and preparation for your SAP project. Activities include general project management requirements, issuesmanagement plan, organizational change management plan and establishment of other policies and procedures for running the project.

Please choose the correct answer.

Response:

A. Realization

B. Business Blueprint

C. Final Preparation

You can also install enhancement packages, perform an upgrade, or include enhancement packages in an upgrade, with the help of this tool.

Can you suggest the name of this tool:

Please choose the correct answer.

Response:

- A. Maintenance programmer
- B. Maintenance Enabler
- C. Maintenance Optimizer
- D. Maintenance system

Answer: ([SHOW ANSWER](#))

NEW QUESTION: 55

SAP Solution Manager Monitoring relevant for the non-operation phase of your solution:

Please choose the correct answer.

Response:

- A. Incorrect
- B. Correct

Answer: A ([LEAVE A REPLY](#))

NEW QUESTION: 56

Which data providers are directly connected to the SAP Solution Manager?

Note: There are 2 correct answers to this question.

- A. SAP Host Agent
- B. SAP Diagnostic Agent
- C. ST-PI and ST-A/PI

D. Introscope (IS) Agent

Answer: ([SHOW ANSWER](#))

NEW QUESTION: 57

Tell us the correct sequence of Initial Configuration phases:

Please choose the correct answer.

Response:

- A.** User Administration, ABAP Configuration, J2EE Configuration, Complete
- B.** ABAP Configuration, J2EE Configuration, User Administration, Complete
- C.** User Administration, J2EE Configuration , ABAP Configuration, Complete
- D.** ABAP Configuration ,User Administration, J2EE Configuration, Complete

Answer: ([SHOW ANSWER](#))

NEW QUESTION: 58

For the Managed system, If you configure ABAP systems, you have to create RFC connections and activate Service Data Control Center (SDCCN). To create these RFC connections, the system generates technical users for the RFC connection.

Which of the following cannot be included as a destinations :

Please choose the correct answer.

Response:

- A.** BACK Destination
- B.** READ Destination
- C.** TMW Destination
- D.** Untrusted Destination

Answer: **D** ([LEAVE A REPLY](#))

NEW QUESTION: 59

SAP Solution Manager offers a variety of reporting options that make use of the data sets that are retrieved and stored from the weekly EarlyWatch Alert reports and system landscape maintenance (transaction SMSY).

Solution Reporting covers the following reporting options:

There are 3 correct answers to this question.

Response:

- A.** Adjustment Reporting
- B.** Issue and Top Issue Reporting
- C.** Change Management Reporting
- D.** Synergy Reporting
- E.** Service Desk Reporting

Answer: ([SHOW ANSWER](#))

NEW QUESTION: 60

You want to ensure that the SAP S/4HANA development system is connected to the Central SLD. Which options must be maintained in transaction RZ70 (SLD Administration) when using an RFC connection?

Note: There are 2 correct answers to this question.

- A. SLD Data Supplier
